MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Operations
Deputy Director for Science & Technology
Administrative Officer, DCI

FROM : John F. Blake
Deputy Director for Administration

SUBJECT : Review and Reissuance of Regulations

1. In response to the DDCI's concern for the currency of Agency regulations, this directorate has undertaken a total review of regulatory issuances under the cognizance of the DDA. All of our regulations will be reviewed in this process. Those which remain in force will be appropriately amended and reissued; those which are no longer valid will be rescinded. We have established this as a formal objective for Calendar Year 1977, so that by 31 December 1977 no regulation will carry a date prior to 1976.

2. Most of the regulations reviewed will require coordination among the Directorates. To expedite this process, please designate a senior officer at the directorate level who could serve as a point of contact for [redacted] STAT

STAT [redacted] of my staff, whom I have charged with responsibility for overseeing this effort.

3. Although the majority of Agency regulations fall within the purview of the DDA, it is estimated that some 25 percent come under the cognizance of other directorates and independent offices. With this in mind I urge you to join the DDA in this endeavor so that all Agency regulations will be updated by the end of 1977.
